## GUARANTEE

(Endorsed by American Shorthorn Breeders' Association)

1. Proper care shall be given by purchaser to protect breeding qualities and health of animals.

2. All bulls guaranteed breeders. A bull shall not be allowed to serve when under fourteen months of age or be allowed to run with herd when under twenty months of age. In case of failure to be a breeder notice shall be given to seller by the time bull is twenty months of age or within six months of date of purchase.

3. Cows with own calves by side are considered proven breeders. All other cows and heifers, sold as single lot guaranteed breeders, except calves sold by side of dam as one lot and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled, must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale shall be promptly reported.

4. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at time of purchase, but the seller may, if he desires, have the animal returned for retrial for a period not to exceed six months. The expense of return freight in such case is to be paid by the purchaser. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case animal proves to be not a breeder, then the purchaser shall be given the option of having purchase price refunded without interest or of accepting a substitute as stipulated above. No charge for feed or maintenance shall be made by either buyer or seller. Salvage to go to the seller. It shall be understood that the same guarantee given on the first animal shall likewise apply upon any animal later substituted.

5. All animals are sold subject to a sixty-day retest for tuberculosis or to comply with laws of state into which they may be shipped. Animals shall be segregated from buyer's herd until retest is made, except herd be a Federal accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State veterinarian or veterinarian deputized by State veterinarian, who is co-operating with Federal veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction and return of animal, except purchaser shall agree to accept a substitute.

6. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after close of sale and without trouble to the purchaser, but at their risk of loss or injury.

7. **TERMS:** Cash.

The above guarantee and terms constitute a contract between the buyer and seller.

**HEALTH:** This herd is Federally Accredited for tuberculosis and every animal has been blood tested for Bang's Disease. A 60-day tuberculin retest is allowed and all cattle are guaranteed to comply with the health regulations of any state into which they may go.

## ANNOUNCEMENT

With pride and pleasure Maxwalton Farms issues another invitation to those interested in Shorthorn cattle to be with us June the eleventh.

The offering consists of a select group of bulls, including one of our herd bulls. The majority of them are ready for this season's shows. The females are richly bred and those of breeding age are carrying the service of real bulls. Many of the females will likewise be ready for the show rings.

We do not wish to praise our own cattle beyond their real merit but the type, quality, and breeding of the lots offered in this sale are deserving of your time and interest. We feel that some of the best cattle produced at Maxwalton are offered for your approval. They are the same quality and type as the ones retained in our herd.

Our herd is Federal accredited and tested for Bang's disease. The cattle herein listed have recently passed the Bang test and there will be a health certificate for each lot on sale day. The breeding dates are correct and we are absolutely sure that they are carrying their services.

Because of the number of inquiries received from the west we are offering to pay the freight on a car load from Mansfield to Chicago.

Study the careers of the most successful Shorthorn cattle breeders and you will find that the liberal use of seed stock produced at Maxwalton has been responsible, in no small measure, for their success. Visit the leading herds and you will find that the owners point to their Maxwalton bred animals as the choicest and most profitable members. Ask any student of the breed to name the five greatest sources of supply for correct foundation stock during the past quarter century and he will start the list with "Maxwalton". Truly, no name gives greater assurance to the worth of an animal or to the value of its pedigree than the prefix "Maxwalton" because the whole world knows that the highest standards always have and always will be maintained in this great herd.

The catalog of this 1936 offering will be a delight to those who realize the true worth of famous ancestry. Seldom in the history of the breed have 45 animals of stronger breeding been offered. In your study of this catalog, note that with few exceptions, the entire lot are "Maxwalton bred". Note that they represent the most famous families ever maintained in this herd and that each pedigree is lined with the names of history making sires.

Those who are prompted to attend this sale may do so with full assurance that the individuals will prove just as pleasing as their pedigrees. Every one of the bulls is a herd heading prospect of the highest order and every one of the females will prove to be a top individual in any herd into which she may go. It is a distinct pleasure to recommend cattle of the type, quality and breeding of those listed in this sale to breeders who are anxious to improve their positions in the industry.—Hal Longley of The Shorthorn World.

Maxwalton Pure Gold was undefeated in class in 1934 shows and junior champion at Ohio State Fair. He was admired by all for his wonderful breed, character and type. He will make his best show this year. We selected this bull for a herd sire when a baby calf as he comes from a remarkable line of ancestors. His first calves are coming now and are wonderful prospects. The man that buys females in this sale carrying his service will be fortunate.

**Maxwalton Governor** is being sold as an attraction to this sale. Seldom does the chance to obtain a proven sire like this one present itself. The calves by him in this sale are proof of his worth as a sire. We wish to keep some of them to show. We have a large number of his daughters and half sisters in the herd. We have repeatedly refused to price this bull to both American and Canadian breeders. He was a winning bull calf and a member of a first prize pair of calves in the 1932 show.

A PRODUCTION OF MAXWALTON FARMS

We are presenting this group picture to show the production of one cow in our herd. The cow Maxwalton Beauty, was bred by us. She was sired by Browndale Golden Victor, calved on May 16, 1931. She was bred to Browndale Vanguard, he being the sire of all three of her calves. The bull Maxwalton Pure Gold was calved in July 1933, the next calf Maxwalton Beauty 4th, was calved in July 1934, her third calf Maxwalton Beauty 5th, was calved in August 1935. She will calve again this year in July. We would like for you to note the type of these cattle, their wonderful heads, straight strong backs, exceptional depth and thickness of body and shortness of legs, the extreme smoothness of the entire group.

You will find listed in this catalog daughters of Browndale Golden Victor, sons and daughters of Browndale Vanguard, that will produce cattle like these. It is a pleasure for us to be able to offer to the shorthorn breeders of America the kind of cattle that we have listed in this sale.

**Maxwalton Lavender 2D** is one of the most valuable females we are selling. She gives promise of living up to or exceeding the breeding qualities of her notable sires. She comes from the best of the Cruickshank Lavenders, her breeding can not be improved. She has a very breedy head, wonderful depth of body, even fleshed and smooth throughout. Her like are rare in any auction, anywhere at any time, and best of all she is in calf to Maxwalton Pure Gold since Jan. 2nd.

LAST SEASON while our show herd was on the road we were in need of a bull to use in the place of Maxwalton Pure Gold. We leased from Benroth & Griffith Browndale Vulcan for this period. He is a thick dark roan by Browndale Pilot, a full brother to Ravenni Leader, the Champion at the American Royal in 1933 and now in service at Edellyn Farms. You will find Lot number 25, Lot number 27 and Lot number 36 carrying the service of this good young bull.
